No. 3538

From

The FIRST ASSISTANT to the RESIDENT in MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 19th July 1898.

Sir,

When persons in the Mysore State, licensed to deal in arms and ammunition, desire to import arms and ammunition from British India they are, as you are aware, required, when submitting their applications to this office, to attach certificates of non-objection signed by the Magistrate of the District to which import is desired. Colonel Robertson will be much obliged if the Durbar will issue instructions to the District Magistrates to include in such certificates particulars on the following points, viz,

(a) the stock of arms and ammunition remaining in the would-be importer's shop at the time of his application,

(b) the dates on which during the current and previous year, and the officials by whom the applicant's shop was inspected

(c) to whom the applicant ordinarily sells arms and ammunitinn

As regards (a) supra there is reason to believe that the amount

amount of ammunition mentioned in the applications for licenses is, looking to the stock in hand at the time, frequently excessive, and the Resident will be obliged if the stock in hand be as a rule tested by a Superintendent or Assistant Superintendent of Police prior to the application being passed on to this office.

2. Further there is, it is believed, considerable trade in arms and ammunition between the Civil and Military Station on the one hand and the City of Bangalore and the Mysore State generally on the other. Such trade is, it is understood, governed by licenses, and the Resident will be glad to know what amount of arms and ammunition were imported into.

(i) Bangalore City and

(ii) other parts of Mysore

during the calendar years 1895, 1896 and 1897.

I have the honor to be

Sir,

Your most obedient servant

General and Revenue Departments.

Sir

Adverting to your official memo No. 1463/J137 dated 27th July and reminder No. 3423-28/J393 dated 7th ~~reminder-Destroyed~~ the 10th September 1898, calling for information as to the quantity of Arms and Ammunition imported from the Civil and Military Station, Bangalore, during the past 3 calendar years, I have the honor to state that, after the detailed inspection of the Stock accounts and seizures of arms, &c., in possession of licensed dealers in arms residing in the

City in May 1898 (vide correspondence ending with your Official Memo No. 3039/J336 dated 2nd September 1898) no arms or ammunition have been imported from the Civil and Military Station, either into the city or into other parts of the District. A statement is enclosed shewing the arms &c. purchased by Licensed dealers in the City from 1895-96 to 1897-98 from the dealers in Arms and Ammunition residing in Civil and Military Station.

2. The accounts kept by the dealers in Arms in the City and in the outlying Talukas were carefully examined. But considering that the accuracy of these accounts cannot be satisfactorily vouched for, I can hardly believe that no arms have been imported surreptitiously into the District from the Civil and Military Station.

3. Under the instructions

conveyed in the letter first quoted above the Assistant Superintendent of Police will hereafter check the entries of accounts carefully and I hope that future cases of importation of fire arms from the Civil and Military Station will not escape detection

I have the honor to be
Sir
Your most obedient servant

W. Nathaniel

District Magistrate,

FROM

THE FIRST ASSISTANT TO THE RESIDENT

IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 7 August 1900

SIR,

I am directed to invite a reference to Captain Erskine's letter No.3558 dated the 19th July 1898 in which it was laid down that when persons desire to export arms and ammunition from British India for sale in the Mysore State, they should attach to their applications for an export license certificates of non-objection from the Magistrate of the District to which export is desired.

52 No 1 in part III

2. The Agent of Nobel's Explosive Company at Oorgaum has hitherto been granted by the Resident licenses to export explosives to Kolar without the production of the non-objection certificate prescribed in the above letter, it being assumed that he held license for the possession of Explosives under rule 18 of the rules made under the Mysore Explosives Regulations and published in Mysore Government Notification No.311.M. 1897-98 dated

dated the 29th June 1898. But the Agent on being asked to furnish a copy of his license for record in the Resident's office has replied that he holds no such license.

3. You have recently been informed in my letter No.3287 dated 10th July 1900, that the Resident proposes in future to grant no license for the export from British India to Mysore of dynamite, detonators and other similar explosives to persons who do not hold licenses to possess explosives under the Mysore Explosives Rules. In view of the inconvenience which might result to the Mining Companies, the Resident will not immediately enforce this rule in the case of Nobel's Explosive Company; but I am to request that the necessary action may be taken at an early date to have the procedure prescribed by the Mysore Explosives rules complied with, and that when a license is granted a copy may be furnished to this office. I am also to point out that under rule 38 the license expires on the 31st December of every year and has to be renewed. I am to ask that a copy of this renewed license may be furnished every year.

4. The licenses in question will be granted in Form E attached to the Mysore Explosives Rules, and under the fifth column of that form the amount of explosive to be possessed at the same time in the Magazine must be stated. It will therefore be undesirable for the Resident to issue export licenses to Messrs. Nobel's & Co, without knowing that the quantity to be imported together with the quantity in stock at the time of the application for the license will not exceed the quantity for the possession of which the Company holds a license. I am accordingly to request that

that the Durbar will inform the District Magistrate of Kolar that every application submitted by the Agent to this office for export from British India must in future be accompanied by a certificate from him to show that at the time of application the amount stored in the Magazine together with the amount indented for will not exceed the mount permitted under column 5 of the license prescribed by rule 18, the necessary figures being given.

(21

5. The purport of this letter will be communicated to the Agent of Messrs- Nobel's & Co, for information.

I have the honor to be,

Sir,

Your most obedient servant,

First Assistant Resident.
